

VSAT technical specifications

I. Model – VSAT terminal Surf Beam

Equipment manufacturer:
ViaSat Inc, USA

Indoor Unit:

II. Technical parameters

Outdoor Unit

- Antenna diameter: 0.96 m
- Operational temperature: -40 - +55 degrees C
- Relative humidity: up to 100%
- Amplifier power: 2 W

Indoor Unit:

- RF input/output: F connectors, 75 Ohm, female
- Data interface: 10/100 Mbps Ethernet
- Dimensions: 23 cm (h), 23 cm (d), 3.8 cm (w)
- Weight : 0.6 kg
- Temperature: 0-40 degrees C
- Relative humidity: 10-95%

Documentation:

- Manual
- Warranty card

Antenna and ODU installed on a wall
